*Story Synopsis* - It's 1979, and New York's hottest A-listers are lining up for the opening of a floating casino and discotheque. Also attending is a disco star, a nightclub singer with her eleven-year-old twins, a disaster expert, a feminist reporter, an older couple with a secret, an untrustworthy businessman and a nun with a gambling addiction. What begins as a night of boogie fever quickly changes to panic as the ship succumbs to multiple disasters, such as earthquakes, tidal waves and infernos. As the night turns into day, everyone struggles to survive and, quite possibly, repair the love that they've lost... or at least escape the killer rats...
